War Food Administration
Summary to: WFO-83, Termination

War Food Order 83, as amended (formerly FDO 83), which has been in effect since October 4, 1943, is terminated at 12:01 a. m., e. w. t., June 6, 1944. All Director's orders, pursuant to WFO 83, as amended, are terminated at the same time.

WFO 83, as amended, required that no

person shall sell or deliver, except to authorized processors, the lower grades of apples as well as small sizes of apples produced in or shipped into certain counties in Washington, Oregon, California, New York, Pennsylvania, Maryland, Virginia and West Virginia.

Issued at a time when the demand for fresh fruit was so great that the fresh market was threatening to absorb many

of the lower grade and small size apples which ordinarily are used for processing, the order has ceased to be necessary. Processing of apples from the 1943 crop in all sections of the United States is practically completed. Harvest of summer apples from the 1944 crop will commence soon and it is not desired that the provisions of WFO 83 apply to such apples.
